Social engagement and community involvement is a vital component of our person-centered program at Caldwell Opportunities. Our clients frequently participate in trips to various local establishments, interacting with and learning from the community around us. Some of the highlights for this quarter include visiting local libraries, parks, and fire departments.

In addition to our regular community involvement, at our program location, we spend the majority of our time working on our individualized goals, while developing and maintaining our independence skill sets. We are often exercising, cooking, practicing on our fine motor skills, crafting, reading, and even gardening!

We periodically preform surveys with the people we serve, and one of the questions we often ask is, "Do you enjoy your day program?" The answer we always receive is an outstanding, "Yes!" Our client's enjoyment while working on their individualized goals is always one of our top priorities. Some of the extra fun highlights of this quarter include the Caldwell County Special Olympics and a visit to Sims' Barbecue for some amazing food and lots of dancing.
